

PhD Course

Models and Methods for Material & Environmental Sciences – M3ES

A spectroscopic contribution to mechanistic studies on metal complexes- biomolecules interactions.

Prof. Tarita BIVER, PhD
University of Pisa

Wednesday, 23rd July 2025

14:30 -17:30

Lecture room: U0.1

(DSCG – MO51 - Via G. Campi, 103 – 41125 Modena)
